### PROFILE

---

After qualifying as a dental surgeon in 1993 from Leeds University Medical and Dental School, I completed my vocational training in St. Alban's in 1994.

At the age of 27 I opened my first dental practice in Radlett in Hertfordshire, and I have over 27 years' experience as a dental practitioner.

Between the years of 2006 and 2011, I studied for and successfully attained a Master of Science degree at the prestigious Eastman Dental Institute and University College London in Restorative Dental Practice.

I have a wide-ranging knowledge of clinical standards and I am capable of identifying risk; I also have a good understanding of the law and its implications in dental practice.

I am a judge for the UK dental awards, and I sit on the interview panel for prospective students at Kings College school of Medicine and Dentistry.

I have successfully completed and qualified in the full Bond Solon Expert Witness Course, demonstrating excellence in report writing, courtroom skills, cross examination, and civil law and procedure, and I am an associate member of the Chartered Institute of Arbitrators.

I am registered on the National Register of University Certificated Expert Witnesses.
